LOCATION Houston, TX

CORE COMPETENCIES

Three lines of work that share one discipline: documented custody, confirmed timing, and a record that survives an audit.

COMPLIANT. DOCUMENTED. ON TIME.

Medical courier

STAT and scheduled transport of specimens, pharmaceuticals and clinical supplies. Chain-of-custody paperwork on every handoff, HIPAA-aware handling, and temperature-controlled containers arranged per job.

CONFIDENTIAL. PRECISE. ON DEADLINE.

Legal courier

Court filings, sealed records, discovery transfers and title or closing packages, delivered to a named recipient. For service of process, documents go to the constable, sheriff or certified process server handling service, with the paperwork returned to the file.

REGISTERED. READY. ACCOUNTABLE.

Government procurement and logistics

Sourcing commercial off-the-shelf products against a purchase order, with last-mile delivery by our own dispatch. Documented procurement and delivery records, and responsive communication with contracting officers, CORs and program staff.

DIFFERENTIATORS

- **Documented custody as standard.** Signer name, handoff time and driver notes returned on every job, and kept on file if a date is questioned.
- **Tracking while it moves.** Live tracking during the run, not a status call after the fact.
- **One point of contact.** Courier and procurement run through the same office, so one person owns the delivery date.
- **Assigned drivers on scheduled routes.** The same driver learns your dock, badge rules and signer.
- **Saturday dispatch.** Staffed Monday through Saturday, with after-hours runs arranged in advance.
- **Small-business responsiveness.** Quotes within one business day, and no ticket queue between you and a decision.

COMPLIANCE AND TRAINING

- HIPAA Awareness for Business Associates
- OSHA Bloodborne Pathogens Compliance
- Chemotherapy and Hazardous Drug Safe Handling
- Medical Courier Specimen Collection and Transportation
